

exploding boomerang directions

1. Place the green stick on top of the blue stick at about a 45-55 degree angle.
2. Take the yellow stick and place it on the other end of the blue stick with the opposite end resting on the center of the green stick.
3. Tuck the red stick underneath the blue stick (but still on top of the yellow stick).
4. Tuck the other end of the red stick under the end of the green stick.

When you throw the boomerang, it holds its shape until it meets its target and then it “explodes”! (It doesn’t return to you, just looks like a boomerang)

Step 1: Cut the bottom off of the plastic cup.

Step 2: Wrap duct tape around edges because they are a little sharp.

Step 3: Tie end of balloon. Cut other end of balloon. Stretch balloon over wide end of cup.

That’s it! Now watch the kids have a blast shooting ping pong balls around the house. **And if you don’t have ping pong balls, you can use marshmallows, beans, pom poms, and even paper balls.**

Using just rolls of newspaper build your tallest structure, maybe something like the Eiffel tower?
